NLP for Project Managers: Make Things Happen with Neuro-Linguistic Programming

Peter Parkes

NLP for Project Managers: Make Things Happen with Neuro-Linguistic Programming Peter Parkes
Method and process are important in project management, but knowing how to use them is even more so. As a project manager you can increase your effectiveness most by developing your soft skills, recognising that finesse can be more effective than force. Once developed, you will find that these skills are transferable across project types and whole industry sectors. This book illustrates the application of NLP to develop competencies, hence better equipping you to communicate across cultures, reframe problems, manage stakeholder groups, resolve conflicts, motivate teams and become an even better leader.
