Victory on the Potomac: The Goldwater-Nichols Act Unifies the Pentagon (Texas A & M University Military History Series) James R. Locher

War is waged not only on battlefields. In the mid-1980s a high-stakes struggle to redesign the relationships among the Joint Chiefs of Staff, the chairman of the Joint Chiefs, the secretary of defense, and the president resulted in the Goldwater-Nichols Act of 1986. Author James R. Locher III played a key role in the congressional effort to repair a dysfunctional military whose inter-service squabbling had cost American taxpayers billions of dollars and put the lives of thousands of servicemen and women at risk. Victory on this front helped make possible the military successes the United States has enjoyed since the passage of the bill and helped to prepare the armed forces for the challenges they must still face. Victory on the Potomac provides the first detailed history of how Congress unified the Joint Chiefs and does so with the benefit of an insider's view. In a fast-paced account that reads like a novel, Locher follows the bill through congressional committee to final passage, making clear that the process is neither abstract nor automatic. His vivid descriptions bring to life the amazing cast of this real-life drama, from the straight-shooting chairman of the Armed Forces Committee, Barry Goldwater, to the peevisly stubborn secretary of defense, Casper Weinberger. Locher's analysis of political maneuvering and bureaucratic infighting will fascinate anyone who has an interest in how government works, and his understanding of the stakes in military reorganization will make clear why this legislative victory meant so much to American military capability.

Justin Mireles:

As a pupil exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some guide, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we would like. Likewise

word says, many ways to reach Chinese's country. Therefore this Victory on the Potomac: The Goldwater-Nichols Act Unifies the Pentagon (Texas A & M University Military History Series) can make you feel more interested to read.
