Dante-Part 2 (The Guardian Archives Book 4) Jennifer Sage

****Disclaimer-18+ ONLY****

This book is book 4 in a series that must be read in order to understand the world, and is book 2 of Dante's story. This is PNR with erotic flares and is NOT for anyone under the age of 18 due to sex, language and violence. For the rest of you however, if you like your males alpha, your females strong, your sex scenes HOT, and a world you can lose yourself in for awhile...then enjoy. The Guardians await you.

Dante-Part One, was a journey of a half million years. It ended here...

Dante has lost his Mate to a crazy Angel with wings. There is no greater pain for a Guardian than the loss of the only being they can ever love. Ripped from his arms as she was on the brink of death, Dante may go as crazy as Zaqar is. Put down like a rabid dog, he's going to raise the Hells when he's awakened from the forced slumber he's been put in by Lucio to contain the damage he was causing. This Guardian is done with claims on his female. She. Is. HIS. Too bad the claims aren't done with her.

Giovanna has suffered greatly again at the hands of a true sadist. Hidden so well for so long, she's now going to have to fight to live through the destruction; if she even survives it at all. What are the shadows that dance in her Mortal eyes and where has she been taken? What's behind the secret middle name that her family gave her, but she couldn't use... 'Zenobia?' Dante's Mate could not be Mortal, but she's not an Immortal either. She's just an empath. Right?

The Immortal's have all lived their lives in lies, handed down from ancestors that can no longer lead them forward. Now, they must make a blind leap of faith and join the Guardians, or be cast out from the righteous in the fight for this world. If they're not allies, they're enemies...and there are already too many of those.

The Four have surfaced; the real antagonists behind all the Shadows that exist. They are the puppet masters, and they will not stop until they rule this world with their true children; the Demons. The Queen is in the Hells with all the Originals while the Prince remains free. The seals are breaking one by one, it's already in motion. Nine daughters to break the seals of the Seven Hells. Three are already born....

'Hell hath no fury like a woman scorned.' And it doesn't, just ask Thia. She's got plans for her Guardian when he wakes and they don't include any more menages. Her curse is taking over in no small strides and she's bathing in the glory of her hate. It's consuming her...and she likes it.

Zaqar has found his daughter that was slaughtered two thousand years ago. She is the tie that binds him to his Fated One and he would die before letting her go again. More than that though, he would kill. Paradise has had blood running through its valley before, and he would gladly let the rivers turn red again. Just like his eyes.

Revenge is a disease that destroys all that it touches. When all hope is gone, some seek to sustain on vengeance in its place. Poison slowly building in the blood over time.

The Pure One was the original rebel, the first Guardian to fight for our humanity. She is seen now, for the

light she is to our world. Michael is watching, and this abandoned world is not so abandoned any longer it seems.

And that was just the cliff notes of Dante-Part One. Part Two, begins now....
