The second chapter, The Preliminaries, covers pre-dating tips and narrations of real-life experiences of men and women who have been in the dating game. Some of the names have been changed to protect their identities. The next chapter, The Search for 'The One', centers on the qualities that one should look for in a partner. Examples from people were likewise included in this chapter to help the readers relate to the situations. Another feature of the third chapter is the list of characteristics people should think twice about. This would help readers gauge the people they meet and whether they are ready for a relationship.

The next chapter, Relationship Pitfalls (and How to Avoid Them) emphasizes couples or single men and women who are already in the dating and getting-to-know-you stage. This was written in an optimistic tone, and the readers have been provided with practical tips to make their relationships last. The fifth chapter, on the other hand, is a short description of ideal romantic pairs in literature that real-life couples could emulate.
