Classic Cars, Hot Rods, and Muscle Cars - Volume 2 Paul Moore

Approximately 64 pages with about 60 photographs

For those who like classic cars, hot rods, and muscle cars this book is for you. This is volume one in a series containing some of the most beautiful vehicles ever made that have been lovingly maintained, built, and restored. This is a photo book.

The author began photography and photo-journalism in early 1963 when he accepted an offer from his local newspaper to write about and photograph sports events at the Arizona high school where he was a junior.

After a stint in the service, he had an opportunity to study photography and printing techniques with Bernard Hoffman, a true gentleman and scholar, and one of the earliest staff photographers for Life Magazine.

Since that time he had had thousands of photographs and hundreds of articles published by more than 60 national and international periodicals. He was also a contributing editor for one of them for more than ten years. Topics ran the gamut from professional sports, medicine, archeology, and photography to science.

After twenty years away from Arizona he returned in 1985 and it has been the base from which all his photographic excursions are launched. Along with many others he has embraced digital photography but can still be seen, from time to time, peering through the ground glass of a large format camera, hoisting a large medium format 6x7, or indeed still using a 35mm film camera.

The photographer currently has fine art photography on exhibit at The Center for Fine Arts in Globe, Arizona.
