#### **Mary Perez:**

As a student exactly feel bored to reading. If their teacher inquired them to go to the library in order to make summary for some e-book, they are complained. Just small students that has reading's heart or real their passion. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that

on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this The Brain and the Inner World: An Introduction to the Neuroscience of the Subjective Experience by Mark Solms (2003-06-17) can make you experience more interested to read.
