The Something More boxed set: Normal-ReCap-Okay Danielle Pearl

“The Something More series is just plain amazing. Danielle Pearl is on my list of will-read-anything-she-writes.”—Bedroom Bookworms

“Wow, Normal was intense, gritty, dark, sad, uplifting, and heartbreaking all in one. This was a story rich in detail, and by the end I truly felt as if I lived in between the pages.” – The Book Hookup

"Normal is a riveting and magnetic story of abuse, love, and hope. It pushes the reader in every way possible. Normal is one of the most thought provoking stories I've ever read." -- Biblio Belles

NORMAL (Book 1)

It's the kind of situation most people would dread. Starting at a new high school, in the middle of my senior year, in a new town, in a new state. I know no one. No one knows me. That's what I'm counting on.

A year ago, Aurora "Rory" Pine was just a normal teenage girl - just as sweet and naive as the fairy tale princess she was named after.

But this isn't a year ago.

Rory is broken, and suffering from a new debilitating anxiety disorder, wrought with precarious triggers, she moves across the country to escape the source of her troubles. Her plan is anonymity, but that's easier said than achieved for the new girl having a panic episode outside of calculus. The worst part? There's a witness - and a gorgeous one at that.

Sam is a walking trigger for Rory. Incredibly handsome, built like the star athlete he obviously is, and undoubtedly popular, Sam outwardly represents everything Rory despises about high school. But as the fates keep throwing them together, a connection sparks that neither ever expected, and certainly can't ignore.

But Sam has issues too, and Rory's past won't just stay in the damned past. When friendship evolves into something deeper, can a girl utterly destroyed by the worst kind of betrayal and a boy battling demons of his own ever have a normal relationship? Is that even what they want? Find out in NORMAL, a gritty story of trust and abuse, heartbreak and salvation, and if they're lucky - love. This is not a flowery romance - not for the faint of heart.

ReCAP (Book 1.5)

Rory and Sam fell in love in NORMAL, and we all fell in love right along with them. Now see it all unfold through Sam's eyes, and learn just how the new girl with anxiety issues stole the heart of the gorgeous heartthrob, and turned his world upside down.

You already heard the story. The one of how Rory and I fell in love, supposedly, even if she couldn't handle it in the end. You know how it all went.

Or you think you do.

You only know her side. But I have my own point of view, and even Rory couldn't know my thoughts in those few months it took for her to go from being a stranger to my whole entire world.

Every moment is permanently ingrained in my memory. In my goddamned soul. From the moment I stumbled upon the girl panicking outside of calculus - the one with the tight little body, the angelic face, and the fierce attitude - to the night she abandoned me in Miami. It was the sum of those moments that changed me irrevocably.

Our story isn't over. I won't let it be. But this, this is what happened so far, the way I saw it.

I'm Cap. Or Sam, to Rory. And this is my story.

OKAY (Book 2)

After the horrors she's survived over the past year, Rory never expected to find the one thing she certainly wasn't looking for – love. But after the painful realization that her past has left her a dangerous liability to the person she cares for the most, she finally understands that for her and Sam, love means letting go.

Can two people hopelessly in love ever revert back to just friends? Neither Rory nor Sam knows for sure. But the one thing they do know – it's the only choice they have.

As Rory recovers from a devastating assault, Sam will do anything to make sure it never happens again. But how far will he go to keep her safe? Their choices will change everything, and they will either bring them back together, or destroy them irrevocably
