**Just because you don't have a pulse doesn't mean you can't be perky.**

One second, freshman Karen Vera's on top of the most fabulous cheer pyramid ever. The next, she's lying on the pavement with seriously unflattering cranial damage. Freakishly alive without a pulse, Karen learns that she's a genetically undead zombie.

Suddenly, Karen's non-life is an epic disaster. She's forced to attend a boarding school for the "death-challenged," her roommate is a hateful wannabe-Goth weirdo, and she's chowing down on animal brains every day to prevent rot (um, ew?). Even worse, someone is attacking students and harvesting their brains for a forbidden dark ritual. And it might be the hottest guy at DEAD High, the one who makes Karen's non-beating heart flutter!

Armed with a perky smile and killer fashion sense, it's up to Karen to track down the brain snatcher and save her fellow students from certain zombie death.
