Cheap Guitars (Cheap Series Book 1) Mara A. Miller

How often do two people have a second chance to get it right?

Elise and Brandon are two friends secretly in love with each other, but fear and uncertainties tore them apart before either of them could declare their feelings. Elise made a hasty decision to run, taking nothing with her but her new husband and Brandon's old guitar. Neither thought their paths would cross again until Elise was forced to move back into town four years later minus a husband or any career prospects.

Will they allow old mistakes to keep them apart or will they finally set aside their differences and pride to find a way back to each other?

Cheap Lies, the prequel to the Cheap Series, is now available on Kindle. I would still recommend reading Cheap Guitars first. Cheap Lies is Gwen's story.
