Psicología forense. Estudio de la mente criminal (Spanish Edition) Edith Aristizabal Diazgranados

La psicología forense es una rama de la psicología que estudia la mente criminal. Esta obra, dirigida a estudiantes y profesionales de la Psicología y el Derecho, y resultado del trabajo desarrollado en el postgrado en Psicología Forense de la Universidad del Norte, contiene aspectos teóricos relacionados con los factores que influyen en los actos delictivos de un sujeto, así como las concepciones de culpabilidad y responsabilidad, y el psicoanálisis y los actos criminales. Además, se presentan los resultados de dos investigaciones realizadas en el marco de la psicología forense: una aplicada al conflicto armado colombiano, en la que se presentan algunos de los efectos traumáticos que causa la exposición a la violencia, y la otra relacionada con los perfiles psicosociales de sujetos condenados por delitos contra la seguridad pública.
