How to Make a Million F*cking Dollars: A Step By Step Guide Eric Sims

From the two-time Emmy nominated and Comedy Central Comedy Award winning author Eric Sims. The description of this book isn't going to teach you anything. It won't teach you how to properly structure a business so you don't have to be present while it makes you a ton of cash. It won't help you pick the perfect product or make an airtight business plan. It won't teach you the secrets of good marketing or how to turn the small amount of money you have into large amounts of money. It also won't teach you how to take that large amount of money and make it work for you 24-7 to make even larger amounts of money and then take that supersized amount of money and buy cool stuff that will make you even more money. In short, the description of this book won't teach you how to make a million f*cking dollars. Go read the inside of the book. The inside of the book will teach you all that. Plus, it's filled with jokes and stuff, too. So, as you're learning all that new info, you won't want to stop in midsentence and throw the book in the fire. Well, some of the jokes are stinkers but probably not bad enough to make you want to burn things. The point is, if you want to learn how to make a million f*cking dollars, stop open-mouth breathing all over your screen and buy this book so you can read the inside parts and actually learn something. Warmest regards, Eric Sims
