- Gone onto a dealer lot feeling anxious or nervous because you're afraid that a salesman might trick you into paying too much money for a car
- Wanted to know more about the car buying process and how to save themselves a lot of time and money while knowing they got the best deal they could

If you've ever felt uncomfortable, taken advantage of, or been discriminated while buying a car this book can help you.

Inside this book you'll learn how to work out a deal before you even go into the dealership. If you're a woman or a young buyer, chances are you will encounter discrimination on the car lot and they will try to take advantage of you.

Working your deal out before they see you is a huge plus. All that's left is to walk onto the lot, verify the numbers you agreed on, sign the papers, and drive off in your new vehicle.

This book will tell you how to do quick and easy online research and how to get the deal you want from the dealership, not the deal they want you to take.

Don't get ripped off on your next vehicle purchase. Buying a car is not the same as shopping at your local retail store. It's a very nasty and dirty business where the people who are selling you vehicles work off commission and have their best interest at heart, not yours, even though they will try to convince you otherwise.

Learn all about the buying process, myths, dirty tricks, and ways to make your next vehicle purchase go over smoothly while saving you a lot of time and money.

Remember it's their job to make the most money they can by selling you their vehicles, they do this everyday, normal consumers don't.

In just under 50 pages Thomas Van will reveal to you all the Car Buying Secrets you need to know to have peace of mind, confidence, and know that you got the best deal possible.
