Cartoon Tales gives young kids a chance to enjoy all the fun of their older siblings' comic books and graphic novels! This clever format interweaves colorful comic strips with blocks of prose to create engaging stories young readers won't be able to put down. The comic book art serves not only to illustrate the book, but also to move the story along, with some of the most exciting moments occurring within the comic panels. Each book in the series contains three tales based on favorite animated Disney films. The featured characters will run the gamut from classic to new, adventurers to princesses.
