## Teaching Performance Studies (Theater in the Americas)

Edited by Nathan Stucky and Cynthia Wimmer, *Teaching Performance Studies* is the first organized treatment of performance studies theory, practice, and pedagogy. This collection of eighteen essays by leading scholars and educators reflects the emergent and contested nature of performance studies, a field that looks at the broad range of human performance from everyday conversation to formal theatre and cultural ritual. The cross-disciplinary freedom enacted by the writers suggests a new vision of performance studies—a deliberate commerce between field and classroom.
