The Third Side (Battle for the Solar System, #2) (The Battle for the Solar System Series)

Stephen Sweeney

The Third Side (Battle for the Solar System, #2) (The Battle for the Solar System Series) Stephen Sweeney

Simon Dodds has had his wings clipped. Shot down over the luxurious holiday planet Mythos and separated from his wingmates, he is quick to discover that the once-popular sun-soaked paradise has been transformed into a nightmarish war zone, swarming with armies of seemingly unstoppable black-suited soldiers. The Pandoran war machine is on the move, preparing to advance The Mission and deal to the rest of the galaxy the same fate it did the Mitikas Empire.

Unaware of what fate may have befallen his friends, the young pilot attempts to make his way through the dangerous streets of the war-torn city of New Malaga, as he waits for the CSN to rush to the rescue.

But from out of the chaos emerges something far more terrible; and if Dodds can somehow survive the next 24 hours, he might finally see beyond the lies he has been fed and hear a side to the story that no one wants him to: what really happened to the Imperium, who the black-suited warriors are, what the ATAFs were built for...

... and what his purpose in all of it is. Whether he likes it or not.

There are three sides to every story.
But sometimes the truth is the hardest side to believe.

THE THIRD SIDE is the second book in the BATTLE FOR THE SOLAR SYSTEM trilogy, and the follow-up to the enormously popular HONOUR OF THE KNIGHTS.

148,000 words
~ 500 print pages
