Stormlord's Exile Glenda Larke

SHALE is finally free from his greatest enemy. But now, he is responsible for bringing life-giving rain to all the people of the Quartern. He must stretch his powers to the limit or his people will die-if they don't meet a nomad's blade first. And while Shale's own highlords and waterpriests plot against him, his Reduner brother plots his revenge.

TERELLE is Shale's secret weapon, covertly boosting his powers with her own mystical abilities. But she is compelled by the strange magic of her people and will one day have to leave Shale's side. No one knows what waits for her across the desert, but her people gave the Quartern its first Stormlord and they may save Shale and his people once again-or lead them to their doom.

This is the final volume of the epic Stormlord series.
