Airport Management

C. Daniel Prather

Airport Management C. Daniel Prather

Airport Management is an up-to-date and industry-relevant textbook providing useful insight into all aspects of airports. With more than a decade of experience as an airport administrator, author Dr. Daniel Prather, A.A.E, CAM, provides a valuable, real-world perspective with an emphasis on the practical application required for the successful management and operation of airports.

This comprehensive resource covers:

history of airports and the airline industry

airport structure and ownership

air traffic, capacity, and delay—and techniques to manage demand

airport planning and the role of aviation activity forecasts

design and construction

environmental impacts and regulatory compliance

airport operations and maintenance, with a focus on 14 CFR Part 139

safety and security

marketing

governmental, legal, and public relations

properties, contracts, and commercial development

financial management, capital development funding, and the economic impact of airports

future challenges and opportunities for airports

Written in an easy-to-read format with full-color illustrations throughout, each chapter contains objectives, key terms, questions for review and discussion, and suggested resources for further study. *Airport Management* provides a comprehensive introduction to this career as well as useful scenarios and case studies to equip airport professionals with the essential knowledge and tools to solve contemporary issues faced on the job.

From reader reviews:

Karen Wells:

What do you about book? It is not important together with you? Or just adding material when you need something to explain what yours problem? How about your spare time? Or are you busy person? If you don't have spare time to try and do others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every individual has many questions above. They must answer that question simply because just their can do that will. It said that about book. Book is familiar on every person. Yes, it is right. Because start from on pre-school until university need this kind of Airport Management to read.

Janice Saucier:

Information is provisions for those to get better life, information these days can get by anyone from everywhere. The information can be a know-how or any news even restricted. What people must be consider when those information which is within the former life are challenging be find than now's taking seriously which one is suitable to believe or which one typically the resource are convinced. If you get the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen in you if you take Airport Management as your daily resource information.

Frank Tye:

Reading a book can be one of a lot of activity that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people fantastic. First reading a e-book will give you a lot of new details. When you read a guide you will get new information because book is one of numerous ways to share the information or maybe their idea. Second, looking at a book will make you more imaginative. When you looking at a book especially fiction book the author will bring you to definitely imagine the story how the personas do it anything. Third, you could share your knowledge to other people. When you read this Airport Management, you could tells your family, friends and soon about yours reserve. Your knowledge can inspire others, make them reading a reserve.

Thomas Busch:

What is your hobby? Have you heard which question when you got college students? We believe that that query was given by teacher to the students. Many kinds of hobby, Everyone has different hobby. And you know that little person just like reading or as studying become their hobby. You have to know that reading is very important as well as book as to be the factor. Book is important thing to provide you knowledge, except your own personal teacher or lecturer. You will find good news or update in relation to something by book. A substantial number of sorts of books that can you choose to adopt be your object. One of them is Airport Management.
