If you are a stay-at-home mom or work outside the home you know that life can get busy. Babies need vitamins and minerals to help their brain development, muscle development and to shape their overall health. In order to do this, we need to feed our kids high quality food. In today's society of fast food and commercially processed meals, families are turning to their local farms and organic food suppliers for their food needs. Parents are realizing the benefits of making their own homemade baby food using fresh ingredients. With simple easy-to-follow recipes anyone can make a nutritious meal or puree for their growing child. Meal time is a great way for parents and siblings to bond with babies. Making and storing delicious baby food is another way families can bond in the kitchen. In this book you will learn: - Equipment requirements for making baby food - Storage options for preserving baby food - Fast vegetable, yogurt and dessert recipes Whether you make all your child's food or supplement with other organic options, this book is a great way to get started on your journey.
