The Event (Studies in Continental Thought) Martin Heidegger

Martin Heidegger's *The Event* offers his most substantial self-critique of his *Contributions to Philosophy: Of the Event* and articulates what he means by the event itself. Richard Rojcewicz's elegant translation offers the English-speaking reader intimate contact with one of the most basic Heideggerian concepts. This book lays out how the event is to be understood and ties it closely to looking, showing, self-manifestation, and the self-unveiling of the gods. *The Event* (Complete Works, volume 71) is part of a series of Heidegger's private writings in response to *Contributions*.
