**Labor and Health Economics in the Mediterranean Region: Migration and Mobility of Medical Doctors (Advances in Finance, Accounting, and Economics)** Ahmed Driouchi

The increasing demand for health care and advances in healthcare technologies has exacerbated the present shortage of health personnel. In response to these changes, physicians may choose to offer their services elsewhere.

**Labor and Health Economics in the Mediterranean Region: Migration and Mobility of Medical Doctors** addresses the mobility of physicians in the Mediterranean region within a global context, focusing on the role mobility has played in the global health system in both developed and developing economies. Besides universities and researchers, public and private medical practitioners and agencies can make use of this book to further their knowledge of the changing healthcare industry.
