Book 2

Storm MacKeefe is known as the wild, savage warrior called The Highland Storm. However, since he has been disowned by his chieftain father, he is a man who wins his earnings in competitions and through wagers rather than through war.

He is tricked into accepting a wager to find and bring back the leader of The Renegades, a small band of warriors hiding in the Highlands. What he doesn't know is that their leader is Wren, a blind woman, who uses her gift of seeing shadows through the eyes of her animals in order to navigate.

When Storm's plans backfire and he is captured by Wren, he realizes he has met this woman years ago as she travelled with the English, on the night that haunts him still.

Will a Scottish warrior be brought to his knees by a woman who holds a power over him so strong, he forgets she is even blind? Or will her deception make him feel like the blind one instead?
