## **Walking the Somme: Second Edition (Battleground Europe) Paul Reed**

This new edition of Paul Reed's classic book *Walking the Somme* is an essential traveling companion for anyone visiting the Somme battlefields of 1916. His book, first published over ten years ago, is the result of a lifetime's research into the battle and the landscape over which it was fought.

From Gommecourt, Serre, Beaumont-Hamel and Thiepval to Montauban, High Wood, Delville Wood and Flers, he guides the walker across the major sites associated with the fighting. These are now features of the peaceful Somme countryside. In total there are 16 walks, including a new one tracing the operations around Mametz Wood, and all the original walks have been fully revised and brought up to date.

*Walking the Somme* brings the visitor not only to the places where the armies clashed but to the landscape of monuments, cemeteries and villages that make the Somme battlefield so moving to explore.
