EXLSR Advance Reader Copy J.T.S.

This is an advance reader copy. It is by invitation only. Thank you for your consideration.

The year is 2790 AD, and this is the Second Cold War. With space elevators and giant orbital fleets hovering over Earth, open war looks inevitable, and people are anxious to get away.

The lines are drawn, with the communist Confederacy in the East, and the free citizens of the First World Alliance in the West. In hopes of finding a refuge from the looming war, the Alliance is sending Captain Alexander de Leon to explore an Earth-type planet, code-named Wonderland, but at the last minute before launch, a Confederate fleet leaves orbit on a trajectory that threatens both the mission and Alliance sovereignty. The resulting power struggle will determine not only the fate of Alexander's mission, but the fate of the entire human race.
