There are people in YOUR life right now camouflaged around you who have no conscience. They are undercover sociopaths who rarely do anything illegal, but who take great secret pleasure in hurting or inconveniencing you.

And so much more!

Learn to Identify the Type 1 Sociopaths in Your Life. Personal Note From the Author: Dear Reader, I cannot stress enough the importance of embedding the traits of a sociopath in your brain to protect your life and your children's lives. The media fails to inform us of how to identify the hurtful traits of sociopathy, even when reporting people with these traits again and again. Therapists rarely inform us of the traits of a sociopath as well. Because I was not informed of this disorder, I wasted so many years and energy not to mention I suffered great heartaches. Everything in this book is to prevent you from looking back at your life and wondering, "What the?" You may find yourself feeling greatly empowered! It may release the warrior dormant within you, and you will realize it is NOT okay for anyone to dishonor you in any way no matter what the excuse may be.
