Dr. Monica Diedrich's gift of psychic communication allows her entrance into the rich inner world of animals. Receiving their thoughts in the form of mental images, feelings, and sometimes words, she can converse with dogs, cats, birds, horses, etc. and give voice to their unheard wishes, concerns, needs, and fears.

These captivating, true stories of Dr. Diedrich's experiences take us into the extraordinary lives of beloved pets and their owners. Meet Sunshine the cat who loves country music, the Yorkie who receives regular visits from a recently-departed family member, the mysteriously missing African Gray, the sheepdog who teaches his owner about dying with dignity, and the Siamese who chooses to reincarnate as another cat and return to his owner. Funny, heartbreaking, thrilling, and touching, Dr. Diedrich's stories confirm the colorful, loving personalities of our furry friends and their significance in our lives.
