Biological Nitrogen Fixation Associated with Rice Production: Based on selected papers presented in the International Symposium on Biological Nitrogen ... (Developments in Plant and Soil Sciences)

Biological nitrogen fixation (BNF) has become important in rice farming systems because this process diminishes the need for expensive chemical fertilizers which have been associated with numerous health and environmental problems. The extensive exploitation of BNF would provide economic benefits to small farmers, avoiding all malign influences of chemical fertilizers.

Meanwhile, advances in biotechnology have brought rice genetics to the threshold of new opportunities for increasing rice production.

This volume focuses, in six different sessions, on the role of BNF in the improvement of rice production in the light of the current state of the art of BNF technology transfer and diffusion. New ideas on BNF technology in research, extension information and inoculant technology are also included, together with the socio-economic impacts of using BNF in rice farm systems.

From reader reviews:

Enrique Flora:

Do you have favorite book? When you have, what is your favorite's book? Guide is very important thing for us to understand everything in the world. Each reserve has different aim as well as goal; it means that book has different type. Some people truly feel enjoy to spend their time and energy to read a book. They are reading whatever they consider because their hobby is reading a book. Consider the person who don't like reading a book? Sometime, particular person feel need book whenever they found difficult problem or maybe exercise. Well, probably you should have this Biological Nitrogen Fixation Associated with Rice Production: Based on selected papers presented in the International Symposium on Biological Nitrogen ... (Developments in Plant and Soil Sciences).

James Smith:

Now a day people who Living in the era wherever everything reachable by interact with the internet and the resources inside it can be true or not call for people to be aware of each facts they get. How people have to be smart in having any information nowadays? Of course the solution is reading a book. Looking at a book can help individuals out of this uncertainty Information specifically this Biological Nitrogen Fixation Associated with Rice Production: Based on selected papers presented in the International Symposium on Biological Nitrogen ... (Developments in Plant and Soil Sciences) book as this book offers you rich facts and knowledge. Of course the knowledge in this book hundred % guarantees there is no doubt in it you know.

Ashley Wright:

The book Biological Nitrogen Fixation Associated with Rice Production: Based on selected papers presented in the International Symposium on Biological Nitrogen ... (Developments in Plant and Soil Sciences) has a lot info on it. So when you read this book you can get a lot of help. The book was compiled by the very famous author. Tom makes some research previous to write this book. This particular book very easy to read you may get the point easily after perusing this book.

Ricky Bodkin:

It is possible to spend your free time to see this book this book. This Biological Nitrogen Fixation Associated with Rice Production: Based on selected papers presented in the International Symposium on Biological Nitrogen ... (Developments in Plant and Soil Sciences) is simple to develop you can read it in the recreation area, in the beach, train and also soon. If you did not have got much space to bring often the printed book, you can buy often the e-book. It is make you better to read it. You can save the actual book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.
