The Devil's Vial Byron Brumbaugh

The threat of global warming pushes some well-organized and very powerful people to scheme something drastic and lethal. Central to their plans is a small clear vial. These plans remain undiscovered until Richard Gregg, a convert to Buddhism struggling to apply what he's learned to a westerner's life, and four companions stumble across the conspiracy. Chased, shot at and beat-up, Richard and his friends know these powers-that-be are willing to kill to maintain secrecy and further their goals. Somehow, the conspirators must be found, along with what they are planning and how to stop them. A deadline approaches and whatever is done has to be done quickly, so options are limited. Throughout it all, Richard wants to remain true to his beliefs - most important, in every circumstance, he must act without violence and approach everything with compassion and loving kindness. It is not at all clear he will succeed.
