“It’s one of the most human of feelings: Being so alone and part of everything at once. Feeling the expanse.” Created from journals and scribbles written over fifteen years, From My Notebook is the coming of age story of a young man trying to understand the world and his place in it. The compilation of essays traces the path of a punk kid turned wanderer turned family man. It is a journey from lost to found. God, beer, music, travel, and dreams all feature prominently.
