What if?

What if there was the slightest 'chance' that you could know your destiny. What would you do with that knowledge?

What if others also knew you had a 'Special Destiny'? What would they do about it?

In the World of the Metahuman Monitoring/Mentoring Project #7 you do know if you have a Special Destiny. And so does the Church of Humanity and they won't stop in their quest to insure you never have the chance to experience it.

For over four hundred years the Church has been successful in pursuit of their goal. Until fourteen year old Matthew Treist escapes the net they cast to find him and send him home in a bodybag to be given a 'proper' Church funeral.

Now it is Matt's destiny to end the hidden oppression of the Church of Humanity and allow the Children of Destiny to grow and experience the Destiny's that they were meant to have.
